

Dear Hiring Manager,

Application for the role of a Front-end Developer

I'd love to work for BVNK.

Why BVNK?

In my pursuit for new creative endeavors, I was excited to find out the Front-end Developer opportunity with BVNK. As a developer with critical thinking skills, I've always wanted to work with companies that always prioritize provision of solutions to problems in the world and I love the fact that BVNK provides a solution to one of the biggest problems faced in the world today, being Cross border payments.. I love the purpose that drives BVNK and I believe that I can bring valuable contributions to the team.

Why me?

I am a self-taught Front-end Developer with expertise in creating responsive, intuitive and functional interfaces. I've worked with JavaScript, Bootstrap, TailwindCSS, SASS/SCSS, HTML, CSS, and React JS; I also have experience in working with/ collaborating on GitHub. As a passionate front-end developer, I constantly strive to grow my technical and soft abilities in order to build software solutions that provide the best possible user experience.

Am I fit for this role?

I believe I am. I'm very passionate about providing solutions to problems and I've been a great team mate to my fellow developers and these were all possible because

- I am a capable and consistent problem-solver skilled at prioritizing and managing projects with proficiency.
- I contribute problem-solving, teamwork, and creativity toward team efforts and business improvements. I am progressive minded and in tune with new developments in my field. I have proven to be effective and possess soft skills which has aided in the success of projects
- As a constant learner, I love exploring new modern web technologies. I believe these skills will be valuable to your team.

For more information on my works and experience, please review my [resume](#) and [portfolio](#) website.

I'm looking forward to hearing more about this opportunity.

Best regards,

Chibuike Ukandu
